

Travel Insurance For Your Cruise

Why Buy Travel Insurance?

Even the best-planned travel can be impacted by unexpected illness medical emergencies, delayed arrival, loss or damage of luggage. Buying travel insurance is therefore important, even if you already have one, for example your home insurance or through your credit card, which may not cover all the needs and expenses related to a trip or may not have sufficient limits. In addition, Europ Assistance travel insurance offers greater serenity during the cruise, ensuring direct medical assistance 24 hours a day and direct payment of medical expenses as well as organising any transfers or returns by bearing the costs directly. It is therefore worth buying travel insurance to get the maximum possible cover and enjoy a worry-free travel experience.

Here are 3 real-life scenarios to think about:

You or your partner have an accident or develop an illness just a few days before your holiday. Your planned trip has been paid for in advance and may need to be cancelled due to a medical reason. With Cancellation Coverage you can be reimbursed for the penalty you have been charged.

Your luggage never showed up at baggage claim at your destination and it's been more than 6 hours. Now you have to buy personal items and clothing you'll need until it's returned to you. With Baggage Coverage the cost of necessary items that you purchase can be reimbursed.

You're on the cruise ship and broken your leg. You require emergency medical transport to get to the nearest hospital for the care and medical attention you need. Assistance, Transportation and Medical Coverages can be the solution arranging and paying directly all the costs.

Why Choose Europ Assistance?

With Europ Assistance, you're covered by a company with 60 years of experience and backed by one of the world's largest insurance providers. Our success is built on our reputation for assisting travelers in the most difficult of circumstances and delivering travel protection solutions designed to meet your needs.

Note: All insurance coverages are subject to per person and per plan benefit limits.
